CAPABILITY STATEMENT

Electrical Installation, Maintenance & Repair · Small Business

UEI KXXVL5MU6GR5 · CAGE 26ZX1 · NAICS 238210 · Florida EC13014052

Company overview

Xlectrical LLC is a Florida state-certified electrical contractor (unlimited license EC13014052) based in Sunrise, FL, delivering installation, repair and preventive maintenance for commercial, industrial, institutional and residential facilities across South Florida. Our owners bring 40+ years of combined industrial electrical experience, including power generation plants, petrochemical facilities and naval installations. We work to NFPA 70, 70B and 70E, with documented procedures and 24/7 emergency response.

Core competencies

- **Exit signs & emergency lighting** — installation, replacement and functional testing (NFPA 101).
- **Power distribution** — service and panel upgrades/replacements, feeders, branch circuits, grounding and surge protection.
- **Lighting** — LED retrofits, interior/exterior and task lighting, controls.
- **Facility electrical maintenance** — service requests, troubleshooting, outage restoration, hurricane preparedness.
- **EV charging** — Level 2 charger installation.

Differentiators

- **Power-plant background:** co-owner Elías Sierra built thermal power generation plants — 218 MVA transformers, 220 kV systems, DCS, electrical protection and relaying, and AC/DC systems.
- Safety first: NFPA 70E work practices, written procedures and clear documentation for every job.
- Responsive small team: 24/7 emergency line; bilingual (English/Spanish) crews.
- Minority-owned (Hispanic) small business — supports prime small-business subcontracting goals.

Past performance

- **The Thox — Las Olas Blvd, Fort Lauderdale** — New commercial build-out: electrical riser with 480V to 208Y/120V transformer, receptacles and lighting (2025 · ~$30K)
- **Ainsworth Game Technology** — 30 kVA UPS system: load calculation, design and installation (2026 · ~$20K)
- **Church of the Palms** — Replacement of 600A disconnect on high-leg delta service, 600A main distribution panel and 200A lighting panel (2026 · ~$30K)
